A Haven of Classic Character...

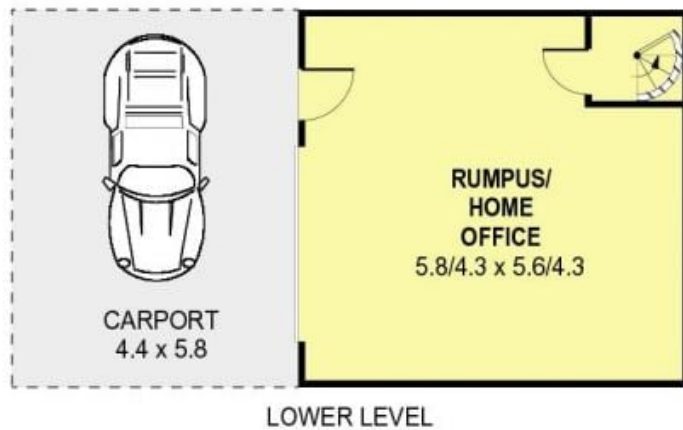

Overflowing with original appeal, this single-level character home recalls the architectural charms of yesteryear that we all know and love. Introduced via a double-gabled facade with pillared front porch, the residence proceeds through a generously proportioned floor plan that accommodates family households in easy comfort and timeless style. A leafy north-facing backyard presents level lawns, fully-fenced boundaries and exemplary privacy. This potential-packed address captures desirable Wollongong living without the price tag, in a superbly family-friendly locale opposite TIGS and moments to primary schools, Figtree Plaza, Keiraville village and the city centre.

Price: \$590,000
