Delightful Cottage-Style Family Home

This feel-good family home, boasting original charm and character, offers plenty of living space and excellent potential to add further value.

Features include the open plan kitchen and living room with high 9' ceilings, which expands out to the rear covered deck, large main bedroom with ensuite and walk-in robe, surprisingly spacious garage with internal access direct to the kitchen and a big storage/workshop area which could well be turned into separate or additional accommodation.

The rear paved area provides further options for entertaining, amongst the shade of the established gardens. With level access from the street, the big 740 sqm block also allows for plenty of off-street parking alongside the property for the caravan or boat.
