Open Home Cancelled

Tucked away in a peaceful cul de sac with farmland across the road sits this pristine first home owner special. It's a beautifully presented 3 bedroom home on a 325m2 parcel of land with single garage with internal access and a neat backyard and get this. There is even side access so you can get your trailer off the street.

The home has a lovely modern Kitchen with all the bells and whistles and the open plan living areas are fully tiled throughout which only compliment the soft colour pallet of the home. You will be comfortable all year round with air conditioning and gas heating and then you can open the sliding door out to your undercover entertaining area when you have friends around for a bbq.. There is absolutely nothing to do here and it would be the perfect step into the market for any young family.
