3 1 1

Come On Home

Set on a cracking 570sqm parcel of land, this recently renovated 3 bedroom family home could be your first foray into the property market. These fully renovated gems don't come up everyday.

The kitchen is slick and sophisticated with modern flooring throughout and another big plus is the two generous living areas which is rare in a home of this size.

The bathroom is also fully renovated, all the bedrooms have built ins and don't forget the air conditioning for year round comfort.

It only gets better outside with lovely gardens and lawns, plenty of off street parking and a generous lockable carport with heaps of storage. The large covered timber entertaining deck is perfect for BBQ's with friends and the built in seating surrounding the firepit will be a real winner with the family. It all flows seamlessly from the living room through sliding glass doors.

Price: \$899,950
