STUNNING KITCHEN - LOW MAINTENANCE BLOCK

This beautifully designed home is simply full of quality features and finer details. The kitchen is absolutely stunning with caesarstone bench tops, overhead cupboards and loads of good sized drawers for storage. The 900mm gas cook top and electric oven will make cooking fun. An over head timber lighting feature in the kitchen is an artwork piece in its own right. And since we are talking artwork - the hallway with its detailed nooks for displaying family photos, each with its own downlight, make it easy to make this a home.
