SHEDS, SHEDS AND MORE SHEDS!!!

Car, Tick - Boat, Tick - Motorbikes, Tick - Tools, tick

Very rarely does a rental property come onto the market that will accommodate the family as well as all the big boys and girls toys. This property has an abundance of shedding that will do just that.

The home is very neat and tidy and has a really lovely "feel" about it. It offers a large lounge room with air conditioning, three bedrooms - two with ceiling fans, a tidy, functional kitchen and bathroom with both a shower and bath. Outside offers a lovely sunny covered entertaining area that looks over a pretty garden setting. If you love to garden, we also have that covered with multiple raised garden beds that are perfect for growing your own veggies.

The large double length garage has power as well as remote entry and will house two cars with enough space for a workshop. The smaller garage will be the perfect space to tinker the day away, it also has power.
