Quietly Quirky

The saying goes..... 'Good things come in small packages' That hits the nail right on the head with this immaculate, recently renovated 2 bedroom home. Constructed from colour bond panelling, secures long time protection from the elements, and gives this home its 'quirkiness & sass' A gable pitch tin roof, and undercover carport complete this quaint package, with massive attitude!

Freshened paint, new bathroom and kitchen and floating timber floors are just some of the highlights. Main bedroom a fantastic size, along with the living and adjacent dining.

Price: \$235,000
