### River Views in Central Kempsey.... What the?

You have to inspect this property to believe it. One of the best locations in the middle of town, you can walk to work, walk to the shops and you could skip a river stone across the mighty Macleay River.

Built in 1940 this 462 square metre (approx.) flat block, has stood the test of time. If running a business from home is up your ally, the current zoning for this property is just what you need, and in such a great position!...

The property management team at LJ Hooker Kempsey have appraised this property at \$280 per week potential rent....

If you would like to organise a private inspection, please contact Matt Brennan at LJ Hooker Kempsey on 65626999 or 0448 637 509....

Price: \$249,500
