

LOWER CREEK, NSW

LOWER CREEK BLISS

Situated on Lower Creek with plenty of creek frontage this 55.64 Ha(137 Acres) would suit many pursuits. The property is approximately 40% cleared and enjoys good creek flats with other gently undulating grazing country through to steeper timber sections at the rear. Would suit a retreat, refuge block or even somewhere to set up the family. The bird life around the creek is fantastic, a great place to relax and escape, a shame we had to come back to the office.

Price: \$110,000
