Resort style living with stunning lake views

Plenty of space, magical lake views, and nightly sunsets are yours to enjoy from this roomy dual level family home. Having undergone a completely custom renovation, the home has been thoughtfully renovated to create a modern-day haven for the whole family to enjoy. The main living area is staged on the upper level to take advantage of the water vistas which are best seen through the six-metre, six-panel glass stacking doors or from the expansive, West-facing back deck where you can enjoy watching a variety of watercraft cruising along. There are three remote and phone/app controlled out-door blinds that provide shelter against the afternoon sun, wind and rain.

The large family room and bar is located downstairs and offers easy connection to the pool for entertaining and relaxation when friends drop by. Water views can also be enjoyed from the lower level while access is provided outdoors to the front courtyard and under-house workshop....
