### A vintage gem with a 15.24m frontage on 436.3sqm

A retro reminder of yesteryear on a good-sized level block, this classic red brick home is calling out for a fresh new look or rebuild. It features bright interiors, four bedrooms and a private courtyard, plus it offers a rare chance to add some value to an undercapitalised Brighton-Le-Sands property. It holds endless possibilities for buyers looking to make their mark in this highly popular bayside market with scope to add some TLC, renovate, extend or completely knockdown and rebuild (STCA).
