Neat as a pin

Tucked away in a quiet cul de sac location sits this impressive 3 bedroom family home on a very neat 540 square metre block of land.

The first impression you get as you walk up the drive is just how neat this property is. The owners have been meticulous in their maintenance of this home since purchasing in 1998.

The living areas are fresh and open with tiled floors throughout and bamboo flooring in the bedrooms and the bedrooms are large with Built ins to two.

15 Paine Place is picture perfect and presents a great opportunity for a young family looking to get into the market.
