Sold off Market by Sahil Kotian

"Sahil came highly recommended by a friend after he sold their property. After considering many local agents, I knew I was in safe hands after our first meeting. He knew the market, kept me updated constantly and got me an exceptional price in a difficult market! He had a clear process from the beginning and did everything he said he was going to do. I would highly recommend him, looking forward to my next sale or purchase with him. him."
