

12 Victor Place Kuranda, QLD

Classic Home @ TOP OF THE RANGE ESTATE

The first thing that came to mind as I walk up the driveway of this Gorgeous Kuranda Property is how could anyone sell this beautiful home? It was obvious from the moment I set foot in the door this home was well maintained and of proportions that is well beyond the average home buyer.

After inspecting the property the Vendors informed me that they absolutely love the home and the area but they no longer needed a home of such generous proportions. Due largely to a change in the family unit and workloads it was time to down size. This being said they love the area so much they have purchased another home of a more suitable size that meets their needs in the Kuranda district.

Price: \$580,000
