

TRINITY BEACH, QLD

Stunning Townhouse, Perfect Beachfront Location!

Whether you are lounging on the balcony on the upper level soaking up the views or enjoying some quiet time downstairs in the cool bedrooms, you will always know you are in the perfect location. With the sound of the sea breezing through this townhouse, it does not matter if it is purely a part-time holiday investment or a life style change you desire; you will find it here.

This townhouse has two bedrooms, it has private off street parking, and it has magnificent views of the Coral sea and Earl Hill from your own private balcony and kitchen. However, what it lacks are the high strata fees often associated with apartments on Trinity Beach's premier Esplanade. At just \$600/qtr, this townhouse offers the same enviable lifestyle opportunity as other similarly positioned apartments, at one third of the on going costs.

Price: \$299,000
