IF YOU NEED EXTRA SPACE.....THEN THIS IS THE HOME FOR YOU!

OPEN SAT & SUN 1:30 to 2:15 pm

Featuring 3 generous bedrooms and 2 bathrooms this home has so much to offer your family.

There is a very workable timber kitchen, family dining and lounge areas but that's not all!

Off the lounge-room is a fourth bedroom or home office for those who want to work from home. With the second bathroom nearby this would be great for a massage or beauty therapy treatment area.

As if this is not enough, there is rumpus/games room as well!

The laundry is separate for your convenience. The private outdoor patio area overlooks a very substantial pool with a lovely treed backdrop.

There is an extended double garage with a workshop area, ideal for the home handyman.

Situated in a quiet cul-de-sac and near to all amenities this could be the one you have been waiting for.
