

22 Lowther Close REDLYNCH, QLD

Architecturally Designed Private, Secluded and Tranquil With Breathtaking Views

This architecturally designed home captures panoramic and uninterrupted views taking advantage of its elevated position and natural rainforest surrounds. The sellers, in conjunction with award winning designers B?lay Vandyke studied at length all the attributes of the 1,900sqm block before they started building. No wonder this stunning four bedroom home was nominated in the 2017 HIA Custom Built Home!

The open plan kitchen and living area is gifted with customised furniture. Some to mention are built-in dining table levered from the kitchen island, built-in bar-bench/study nook, and window seating which doubles as storage.
