Stunning Home That Brings Indoor Living Outside

This immaculate four bedroom, two bathroom home is set in what can only be described as the perfect tropical surrounds. Saddle Mountain provides a delightful and private rainforest backdrop, with no neighbours overlooking the secluded property. Imagine sitting on the private balcony off the second indoor living room, taking in the ocean views after work with a cold beer or glass of wine.

This property brings indoor living outside. One open plan living area flows seamlessly out to the elevated deck with its sweeping views over the Northern beaches. The deck also looks over the resort style pool and private tropical landscaped gardens. Entertaining out here will be a delight combined with the well appointed modern kitchen.

Those wet tropical days are also a dream here with an undercover living area downstairs by the pool. A new deck and new frameless glass fencing surround the glistening resort style in-ground saltwater pool.
