

4/68 Dalwood Road East Branxton, NSW

3 1 2

Low Maintenance freestanding living in a boutique complex

Set within a boutique complex of just eight homes, this freestanding, strata-titled residence combines a spacious single-level layout with a fully enclosed, north-facing yard. Built with wheelchair accessibility in mind, the home offers three bedrooms, separate living areas and its own double garage.

The generous front lounge features split-system air conditioning, while the modern kitchen adjoins a separate family and dining area and a second sitting area. Sliding doors open directly to the north-facing alfresco, a sunny spot for outdoor dining or a barbecue with friends. The adjoining lawn is fully enclosed, giving kids and pets room to play.

All three bedrooms have built-in robes, including the generous main bedroom. The large bathroom features a separate bath and shower, the dedicated laundry has direct outdoor access and the double garage has a remote-controlled door.

It's a great fit for downsizers wanting to stay local, where homes on easy-care blocks are hard to find. First-home buyers will also appreciate the flexible living spaces and the enclosed yard.
